## ■ Problem Description & Architecture:

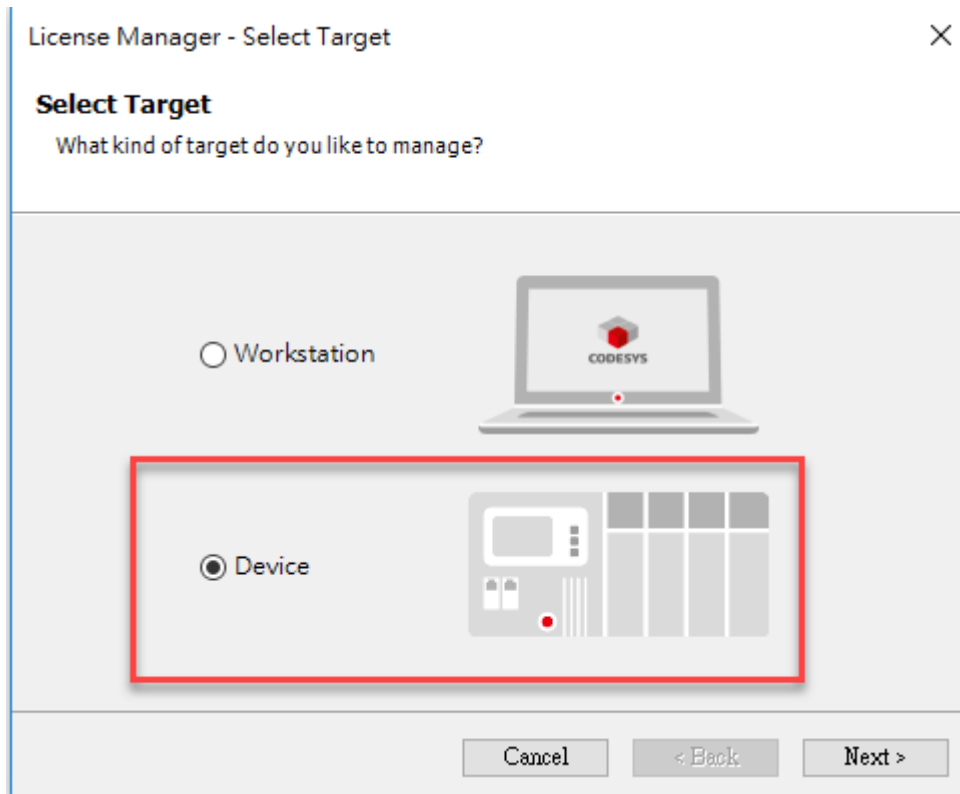

This FAQ shows how to activate CODESYS SL License after customer get License on CODESYS Store.

## ■ Brief Solution - Step by Step:

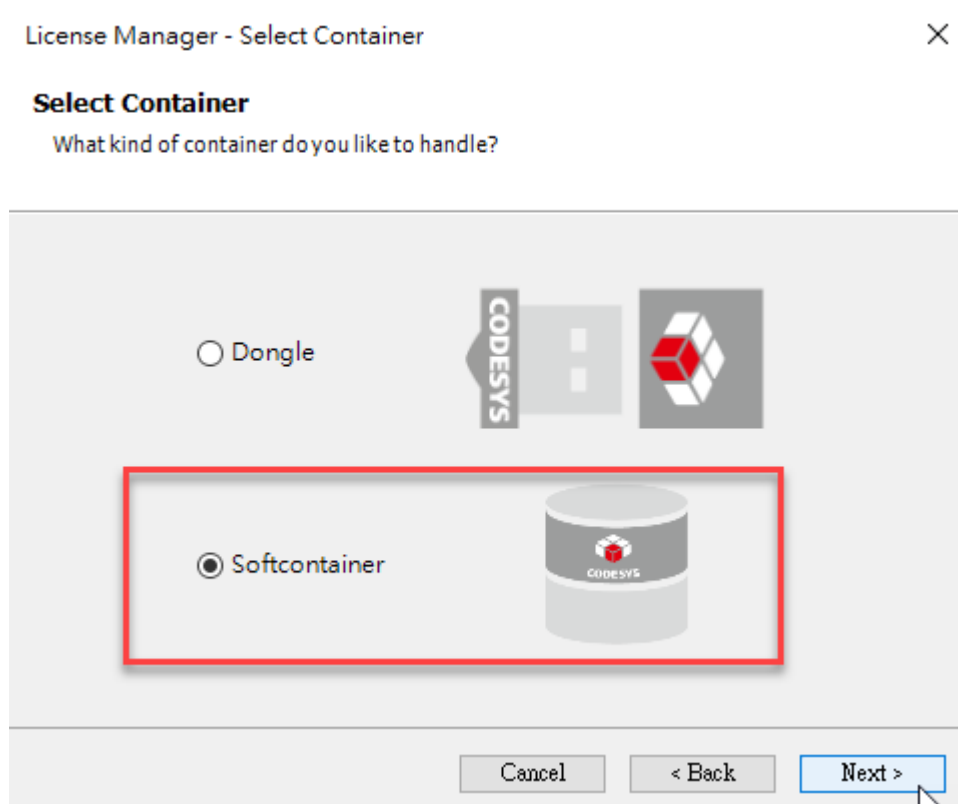

1. Open IDE
2. Create a project with **Advantech RTE** device. (Advantech Control x86 RTE V3, Advantech Control x86 RTE V3 x64, Advantech Softmotion x86 RTE V3, Advantech Softmotion x86 RTE V3 x64)
  -  Advantech SoftMotion x86 RTE V3
  -  Advantech Control x86 RTE V3
  -  Advantech SoftMotion x86 RTE V3 x64
  -  Advantech Control x86 RTE V3 x64
3. Tools > License Manager, the dialog will pop up.

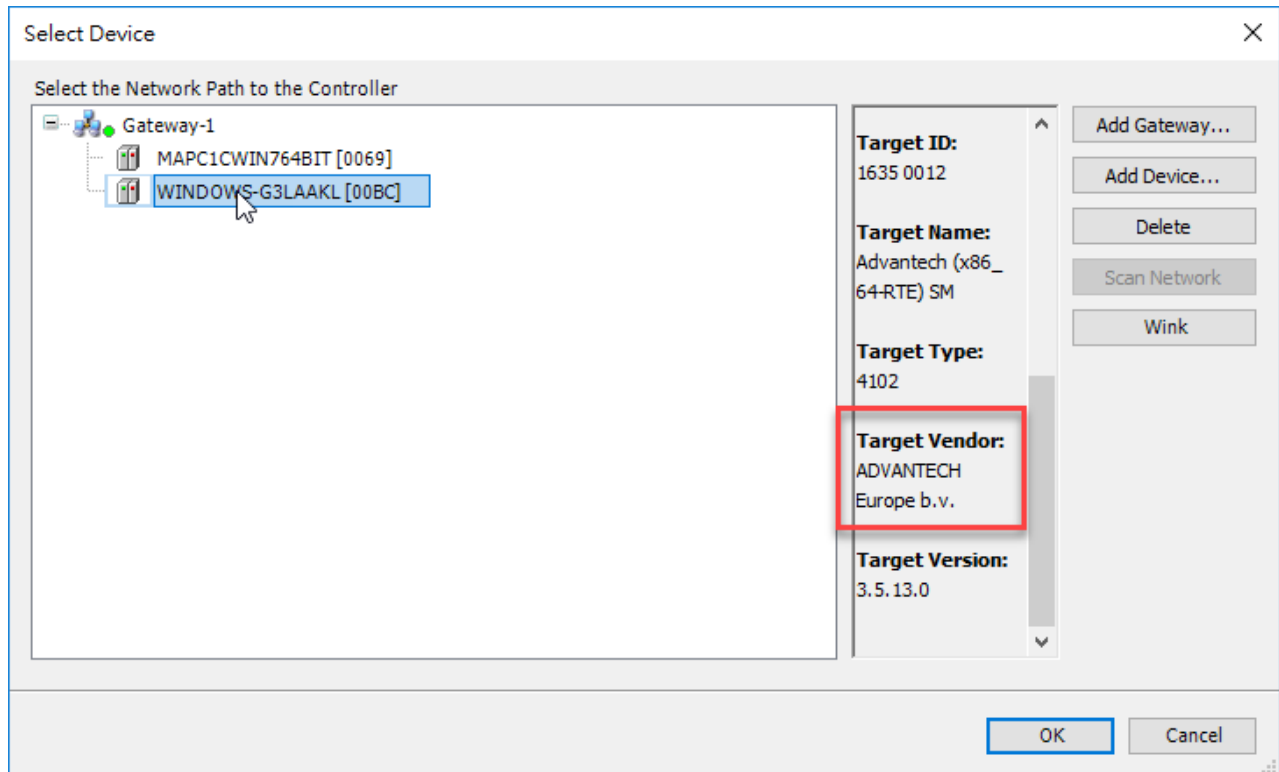

4. Select **Device** and click **Next**

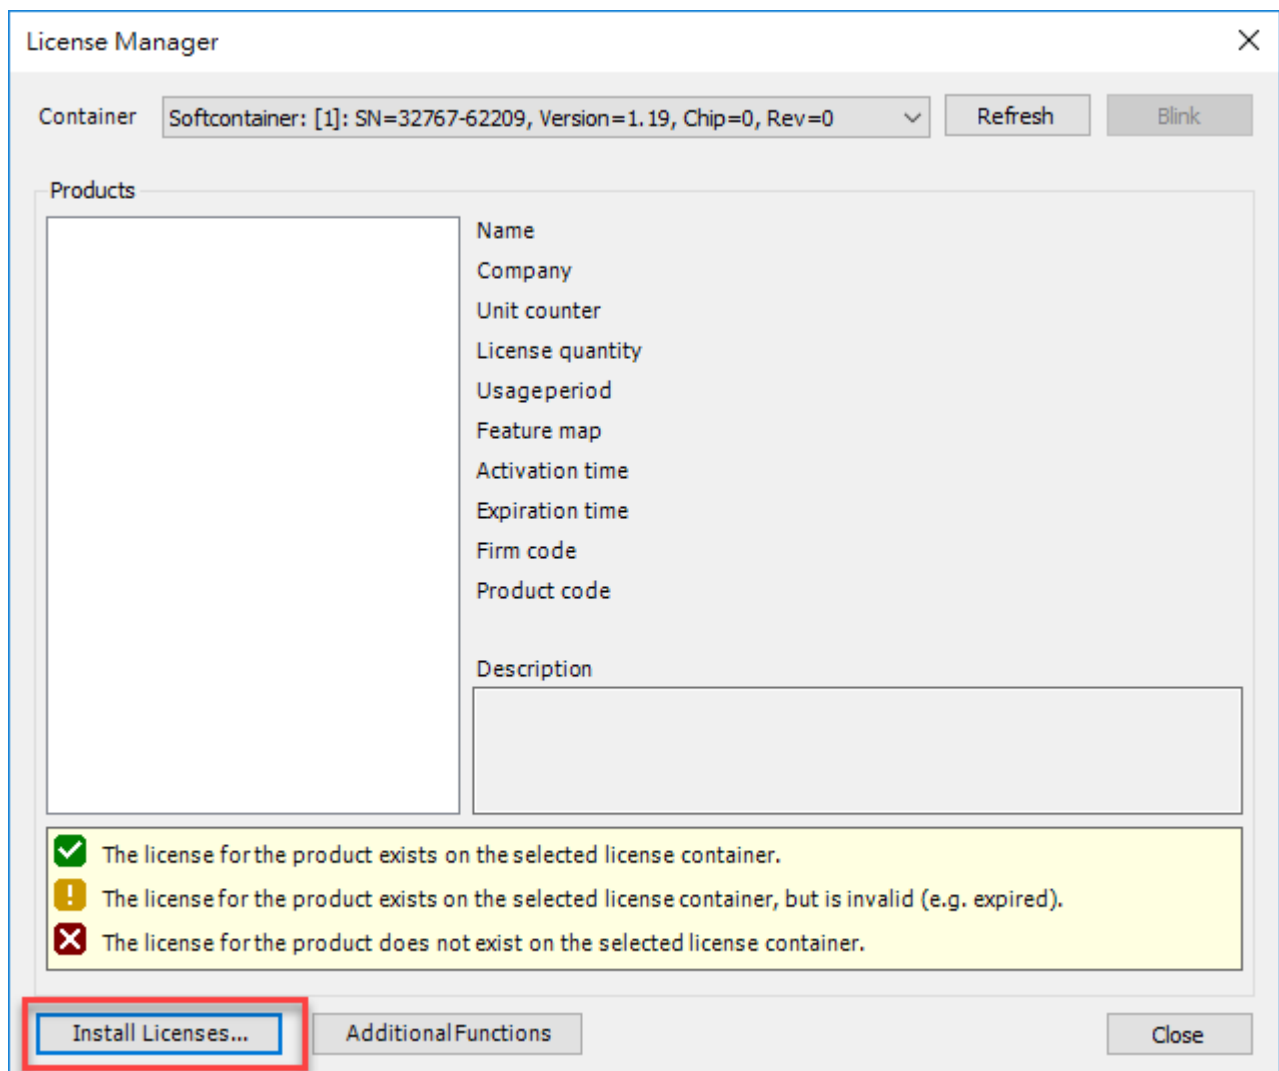

5. Select **Softcontainer** and click **Next**

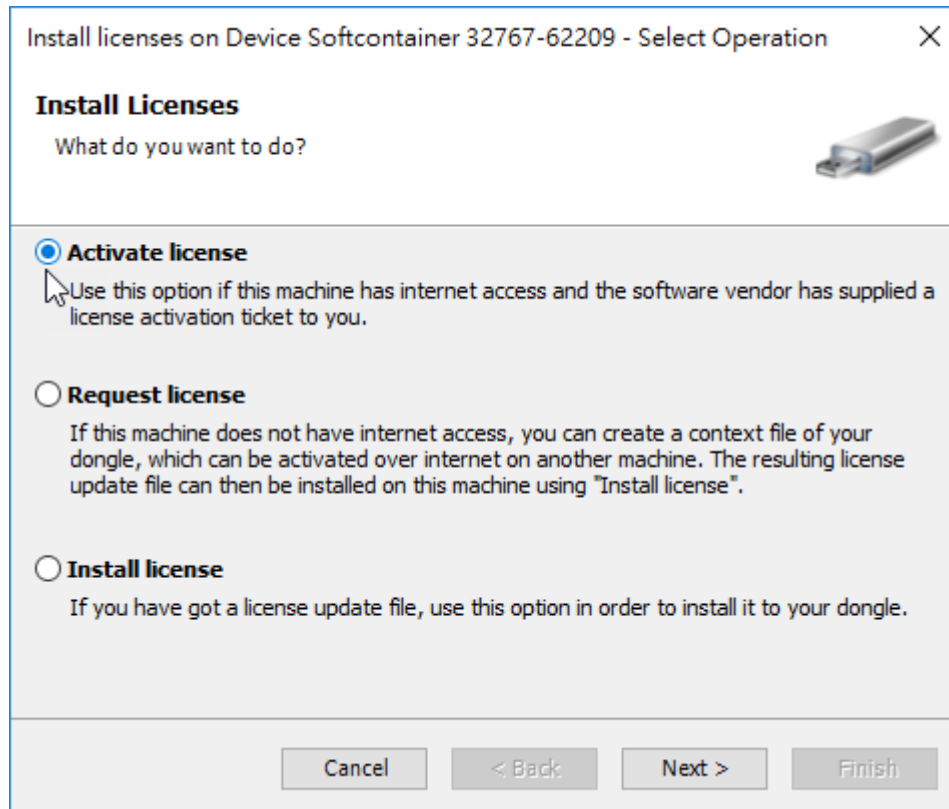

6. Select **Advantech RTE** which will be activated.

7. License Manager dialog pop up. Then click **Install Licenses**.

8. Select **Activate license** and click **Next**.

Install licenses on Device Softcontainer 32767-62209 - Select Operation

**Install Licenses**

What do you want to do?

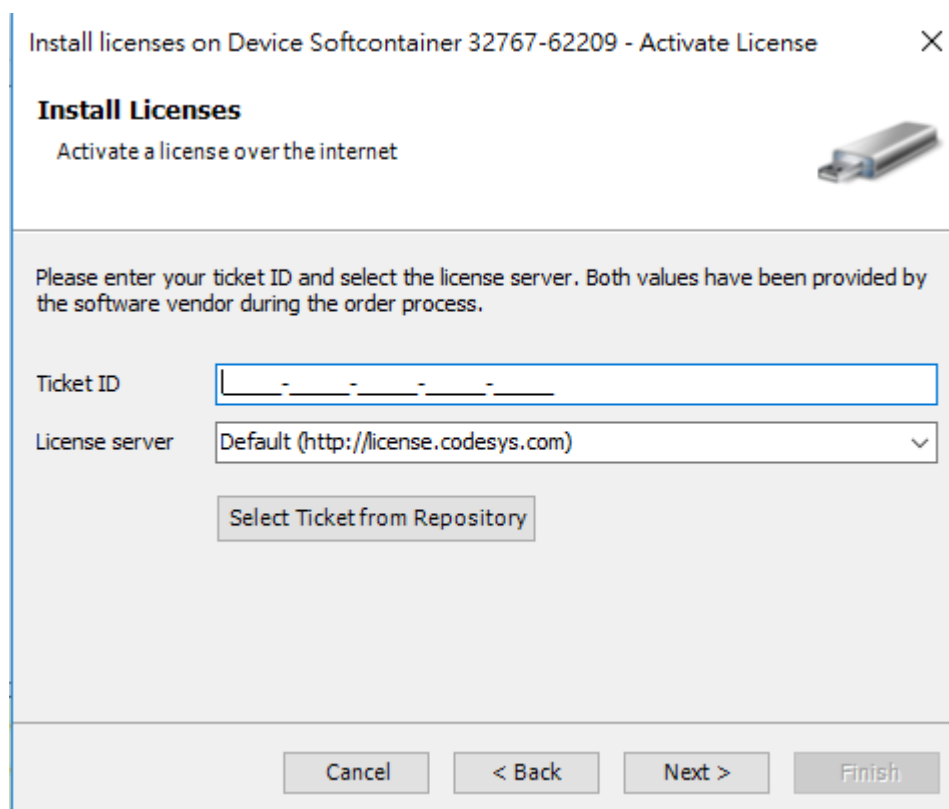

☒ **Activate license**  
Use this option if this machine has internet access and the software vendor has supplied a license activation ticket to you.

☐ **Request license**  
If this machine does not have internet access, you can create a context file of your dongle, which can be activated over internet on another machine. The resulting license update file can then be installed on this machine using "Install license".

☐ **Install license**  
If you have got a license update file, use this option in order to install it to your dongle.

Cancel < Back Next > Finish

9. Ensure your PC is connected to Internet. Then fill license number in TicketID and click Next.
