Products:

TPC-60SN, TPC-66S, TPC-66T, TPC-68T

Abstract:

How to run Visual Studio 2005 on a TPC CE 5.0 Platform

Description:

The following are the steps to describe the usage of this application.

Solution:

[Configuration]

[Before Programming]

- 1. Make sure TPC and My Computer can get their IP
- 2. Make sure Active Sync be connected with TPC and My Computer

[Steps]

1. Select Options

2. Select Options → Device Tools → Devices → Windows CE5.0 Device →

Properties

3. Select Configure → Obtain an IP address automatically using ActiveSync

4. Open New Project
